

Resources – YAHABA Game Engine

YAHABA is a 3D multiplayer online creation game-making engine. YAHABA brings 3D content creation to every creator with simple and easy tools and templates. With YAHABA, creators are part of an exciting new social community sharing creative, fun experiences where the only limitation is your imagination.

Cool introduction video → <https://www.youtube.com/watch?v=RK2BjcFsg0w>

Here's everything you need to get started with YAHABA:

Discord community server: <https://discord.gg/yahaha-766277288902918144>

Official website: <https://yahaha.com/>

Development document: <https://developer.yahaha.com/>

YouTube: <https://www.youtube.com/@yahahastudios>

itch.io: <https://yahaha-offical.itch.io/>

Twitter: <https://twitter.com/OfficialYahaha>

Their platform also promotes some no-code functionalities, which makes it great for new beginners too! (edited)
